

JOB DESCRIPTION & AD: SENIOR WEB DEVELOPER

Job Title: Senior Web Developer
Location: Mexicali, Baja California
Start Date: Immediately
Apply: Send whatever you think represents you the best - cover letters, resumes, stories, case studies, photos and/or work products – to jobs@socialreality.com

Company Description

Social Reality is a fast growing advertising technology company. Social Reality's businesses, GroupAd and the Social Reality Ad Exchange - SRAX, connects advertisers with audiences across the whole spectrum of digital media. If you're interested in working at the intersection of media, web publishing, advertising and technology at a fast, fun and energetic company, then Social Reality is the right place for you.

We're renegades and rebels and we believe that success is nothing short of doing the impossible.

Candidate Description

We only hire rock super stars. If you're not awesome, we're not interested.

This is what awesome means:

- You're the best at what you do. You've never met anyone better. And you'd bet your life on that.
- You excel at stuff outside of work. You might run marathons, volunteer like crazy, ride a motorcycle cross country, free dive, sky dive, write novels, beat video games in a single sitting, and generally be smart, motivated and driven. But you don't sacrifice work for lifestyle. You love your work so your work is supreme.
- You're fun to be around. You're interesting. You've done some really cool stuff and you like talking about it.

Qualifications

- ✓ Have skills in software programming and graphics
- ✓ Have creativity and imagination
- ✓ Be adaptable and able to pick up new techniques
- ✓ Have good interpersonal and communication skills
- ✓ Be able to work on their own or in a team
- ✓ Be able to work to tight deadlines
- ✓ Be thorough and precise in their work
- ✓ Be able to multi-task
- ✓ Be aware of international web standards and protocols
- ✓ Be able to use their initiative
- ✓ Troubleshooting and problem solving

Coding Experience

Advanced knowledge of PHP / mysql / javascript / css / HTML. Would be a nice if you know Codeigniter and Stored Procedures.

Job Description

A Senior Web Developer in Social Reality is responsible for applying design, layout and coding to build a website or sophisticated platform. Will be involved with the technical and graphical aspects of a website - how the site works and how it looks, as well as the maintenance and update of an existing site.

- ✓ Write the programming code, either from scratch or by adapting existing website software and graphics packages to meet business requirements.
- ✓ Test the website and identify any technical problems

*****IF you don't live in Mexicali, we will make it work, don't worry and APPLY**
